Keeping ADK Houses as
HOMES

**What will be
your ADK
Community
Housing
Legacy?**

**LivingADK InDeed Housing
Legacy Program**

Who we are?

LivingADK is a not-for-profit organization focused on helping preserve healthy communities in the West Central Adirondacks. We are looking for creative ways to preserve homes in the Adirondacks for future families and residents of our towns.

Why a deed restriction?

We want to help preserve the legacy of your home.

Think of all the wonderful years you have had living within those walls. You can ensure, that for many generations to come, your home can now be their home.

Available housing, especially middle income homes that are affordable to year-round residents, is vital to the success of our communities into the future

Homes in the Adirondacks should be available for future families
